

NEW STEAMSHIP "LENAPE," LATEST ADDITION TO THE CLYDE LINE FLEET.

The "Lenape" is 400 feet in length, 50 feet in beam and 30 feet deep, and is made of staunchest steel throughout. In style she is what is known as the hurricane deck type. Her freight-carrying capacity is 5,000 tons and her displacement is approximately 7,000 tons. Following the custom of the Clyde Company, the "Lenape" is named after one of the American Indian tribes—in particular, a branch of the Delaware Indians of Pennsylvania.

In all, the new ship accommodates 400 persons without crowding. She has three passenger decks; saloon deck, promenade and boat decks.

The wood-work is executed in rich mahogany and English oak. Two features of the vessel which will undoubtedly be popular are the large sunparlor and smoking room located on the upper deck.

Not only is every sanitary device a part of the new boat's equipment, but incessant war is to be waged against the dust and dirt by a complete vacuum-cleaning system so devised that every nook and corner of the new vessel can be reached by effective suction hose. It is known as the "dustless" steamer.

The new ship will ply between New York and Jacksonville.

The propelling machinery consists of a triple expansion engine of about 4,000 horse-power, supplied with steam from four Scotch boilers. On the boat is a complete cold-storage plant.

MOVES SCHOOL TO GREENWOOD.

Co-Educational Institute Will Open Next Session as Military School.

Greenwood, Jan. 24.—Col. F. K. Bailey, president and owner of the South Carolina Co-Educational Institute, has accepted Greenwood's flattering offer to remove the institute from Edgefield, and the 23d session of the school will begin here. The co-educational feature will be eliminated and the school will open next September under the name of the Bailey Military Institute.

Greenwood's offer of commodious, modern constructed buildings located on a beautiful ten-acre site in a choice section of the city, has been under consideration by President Bailey for more than a month, but the matter has been kept out of the newspapers until a final decision could be rendered.

The Bailey Military Institute, as it will open in Greenwood next September, will be one of the most modernly equipped schools in the State. The barracks will accommodate at least 150 boarding pupils. The curriculum will be so arranged as to prepare graduates for entrance into the junior class of any male college in the State. The contract will be let at an early date, and the buildings will be completed by September first.

A woman may have some difficulty in finding her pocket, but she never has it filled with letters she forgot to mail.

Brooklyn Bankers Sentenced.

New York, Jan. 21.—David A. Sullivan, former president of the Mechanics and Traders' Bank of Brooklyn, and B. R. Shears, a former president of the Borough Bank of Brooklyn, both convicted of grand larceny, received prison sentences yesterday. Sullivan was sentenced to Sing Sing for two to four years and Shears to the penitentiary for three months.

WOULD BAN NEGRO SUFFRAGE.

Legislature Asks U. S. Congress to Repeal Fifteenth Amendment.

Columbia, Jan. 23.—A concurrent resolution asking Congress to repeal the fifteenth amendment to the constitution of the United States, which gave the negroes the right of suffrage passed the House of Representatives of the South Carolina General Assembly this morning.

The resolution encountered some opposition, but went through 70 to 46. The resolution asks the Representatives from this State and the Senators in Congress from this State to work for the repeal of this amendment.

The resolution was framed by the House committee on Federal relations and introduced by its chairman, Representative Fred Williams.

The resolution will likely pass the Senate without opposition and be forwarded to Congress, and the memorial will likely be placed before that body in a few days. Governor Bleas is a warm advocate of the repeal of the fifteenth amendment, as is United States Senator Tillman.

Edison Gets Medal.

The American Museum of Safety at its annual meeting will present the Rathenau medal to Thomas A. Edison. The medal was first presented to Dr. Emil Rathenau, of Germany, in 1908, on his 70th birthday. He after one medal is to be struck from the original die each year for the American Museum of Safety to award to the person who has perfected the best device for safe-guarding life and health in the electrical industry. Mr. Edison gets the medal because the use of his storage battery in mines, tunnels, buildings, etc., where explosives are made or stored or where explosive gases are generated has materially reduced the hazard of workers.

The life boats, of which there will be enough to hold the maximum number of passengers ever permitted on board, will be lever-controlled and provided with patent releasing hooks which enable the boats to get clear of the ship as soon as they touch the water.

The "Lenape" will carry in her cabins only passengers holding exclusively first-class tickets, there being no accommodations whatever for intermediate or second-class passengers.

The new ship is scheduled to leave New York every ten days for Jacksonville, making round trips in that time.

The boat is also fully equipped with submarine signal apparatus.

MISS GOULD WEDS MR. SHEPARD

Wealthy Woman Bride of Railway Man—Beautiful Church Scene.

Tarrytown, N. Y., Jan. 22.—Miss Helen Miller Gould was married at 12.30 o'clock this afternoon at Lyndhurst, her country estate, to Finley Johnson Shepard, an American railroad man who has risen from the ranks.

The bride went to the altar, half hidden by roses, asparagus ferns and palms, with her brother, George J. Gould, who gave her in marriage. An orchestra, screened by masses of flowers in the music room, played Lohengrin's Wedding March, while Rev. Daniel D. Russell, pastor of the Irvington Presbyterian church, performed the ceremony. Helen and Dorothy Gould, nieces of Miss Gould, acted as flower girls and were her only attendants. Louis J. Shepard, brother of the bridegroom, was best man.

The couple stood during the ceremony beneath a bower of American Beauty roses, with festoons of gray-white asparagus reaching almost to the ground. The bride carried a modest bouquet of lilies of the valley, her favorite flower.

A rope of exquisite pearls, said once to have adorned Empress Josephine, and a pear-shaped diamond pendant, the latter the bridegroom's gift, were the only jewelry worn by the bride. The pearls were a bequest from Miss Gould's mother.

Beautiful Gown.

The wedding gown was of duchesse ivory satin, with a sweeping train three and a half yards long, trimmed with duchess and rose point lace and with seed pearl embroidery. The lace and veil were gifts from the Duchess de Tallyrand, formerly Miss Anna Gould, the bride's sister. The veil was held with a spray of orange blossoms and swept in flowing lines to the end of the long train. Orange blossoms also caught up the lace at the sides of the skirt. The bride's slippers corresponded with the gown and were trimmed with small rosettes of orange blossoms.

A Small Crowd.

Less than 100 persons were bidden to the ceremony. They included close relatives of the bride and bridegroom and friends of long standing.

Thousands of Gifts.

Had not the gallery been an immense room, there would not have been space for the thousands of gifts that have come from all over the world. Chief among these were presents from the relatives of the bride and her friends; from the army, the navy, the railroad organizations aided by her, the Young Men's Christian Association; from officers of the Gould railroads and from the employees at Miss Gould's country and city homes.

After the ceremony Mr. and Mrs. Shepard remained at Lyndhurst. They have not announced where they will spend their honeymoon.

Cashier Takes Only \$100,000.

High Bridge, N. J., Jan. 24.—The High Bridge National Bank is temporarily closed to-day after a confession by Abram L. Beavers, cashier, that he had taken approximately \$100,000 of the bank's funds. Beavers has turned over all his assets, about \$25,000, to the bank.

Promises nearly always die of old age before they get a chance to come true.

HOW THE CONVICTS GET DOPE.

Accidentally Discovered Concealed in Embossed Picture Post Cards.

Ossining, N. Y., Jan. 21.—The accidental dropping of a weight has cleared up a mystery which has been puzzling the wardens of Sing Sing prison from the time of Warden Sage down to John S. Kennedy, the incumbent.

The weight in question showed how drugs like opium, morphine, cocaine, in powder form, and other things get to the convicts. The discovery will be of benefit to the wardens of every other prison of the State and to keepers of city prisons like the Tombs in New York. It has been shipped in picture post cards. Further than that, from investigations already adopted by Warden Kennedy, it appears that as far as the New York supply is concerned one woman has been the principal manufacturer, having a large stock of drugged postals on hand, which fact was known to the friends of men in prison who must have drugs.

No one thought anything of it when the postal card craze manifested itself in the prison five or six years ago, because the convicts keep pretty well abreast of the times.

Some of the cards were movable, the embossing being prominent and large. The mail that arrived one morning a week or more ago contained several scores of these cards and all were taken to the proper official to be examined, as is the rule. The man sat at his desk, the cards before him. In some way or other, either a weight or a book dropped on one of the largest post cards in such a manner that the edge of it struck on the edge of the embossing, cutting a hole. To the surprise of the man at the desk, a tiny speck of white dropped before him. He picked it up. It looked like the segment of a small morphine pill. He took it to the prison physician and such it proved to be.

The embossing was ripped loose and the hollow space of it was found to be filled with more morphine pills, a goodly number of them a half grain in strength and concentrated.

An examination of every other embossed postal card in the batch showed that two-thirds of them had some kind of drug in them, enough to last a fiend until the next postal card was received.

WHAT'S THE REASON?

Many Walhalla People in Poor Health Without Knowing the Cause.

There are scores of people who drag out a miserable existence without realizing the cause of their suffering. Day after day they are racked with backache and headache; suffer from nervousness, dizziness, weakness, languor and depression. Perhaps the kidneys have fallen behind in their work of filtering the blood and that may be the root of the trouble. Look to your kidneys, assist them in their work—give them the help they need. You can use no more highly recommended remedy than Doan's Kidney Pills—endorsed by people all over the country and by your neighbors in Walhalla.

Mrs. Mattie E. Thomas, Knitting Mill Hill, Walhalla, S. C., says: "Doan's Kidney Pills did me a world of good when I was suffering from kidney trouble, and I can therefore recommend them. My back ached intensely and I had pains in my sides, together with difficulty with the kidney secretions. Soon after I began using Doan's Kidney Pills, which I obtained at Dr. Bell's drug store, I was restored to good health."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

FIFTY PERSONS ARE BURIED

When Texas Store Collapses During a Bargain Sale.

McKinney, Texas, Jan. 23.—About fifty persons, many of them women and girl shoppers, were caught in the collapse here this afternoon of the Cheeves Brothers' department store, occupying two floors of a three-story brick building. The ruins caught fire, burning for an hour, suffocating or burning outright victims who had not been crushed to death.

Six hours after the collapse seven dead and thirteen injured had been taken from the smoking pile, and hopes of finding any more alive were dwindling. Vernie Graves, the only one known to get out unhurt when the walls fell, said there were at least fifty in the building. An adjoining building fell without injuring any one.

The Dead and Injured.

The known dead are: Rosa Welch, Miss Katie Milligan, Miss Bessie Wade, Russell Height (four years old), N. R. Preley, clerk; Mrs. Mary Stiff, clerk; Miss Eva Searcy, clerk. The last two died after being removed from the wrecked building.

Seriously injured: Miss Annie Curtis, Mrs. Mert Shirley, Mrs. Jennie Barnett.

Two of the dead were taken from the debris alive, but died within an hour at a sanitarium. One of these, Mrs. Mary Stiff, pleaded with the firemen working in the tangled mass above her to kill her, as the fire was rapidly reaching her. She was brought out barely alive.

N. R. Presley talked with the firemen as they tore away the wreck, directed by the sound of his voice. He was dead when they reached him.

There are so many people who pray for a change of heart who ought to pray for a change of head.

Are You Subject to Constipation?

HERE IS A SIMPLE WAY OF CORRECTING IT INSTANTLY BEFORE IT BECOMES CHRONIC.

Very few people go through life without some time or other being troubled with constipation. Thousands injure themselves by the use of strong cathartics, salt mineral waters, pills and similar things. They have temporary value in some cases, it is true, but the good effect is soon lost, and the more one takes of them the less effective they become.

A physic or purgative is seldom necessary, and much better and more permanent results can be obtained by using a scientific remedy like Dr. Caldwell's Syrup Pepsin. It does not hide behind a high sounding name, but it is what it is represented to be, a mild laxative medicine. It is so mild that thousands of mothers give it to tiny infants, and yet it is so compounded, and contains such definite ingredients that it will have equally good effect when used by a person suffering from the worst chronic constipation. In fact, among the greatest endorsers of Syrup Pepsin are elderly people who have suffered for years and found nothing to benefit them until they took Syrup Pepsin.

It is a fact that millions of families have Syrup Pepsin constantly in the house, homes like those of Mrs. G. B. Pruitt, Berea, Ky., who used Dr. Caldwell's Syrup Pepsin as a laxative tonic. Mrs. Pruitt writes that it so strengthened and cleansed her system that she was quickly relieved of a severe cough which had troubled her for months. The special value of this grand laxative tonic is that it

MRS. G. B. PRUITT.

is suited to the needs of every member of the family. It is pleasant-tasting, mild and non-gripping. Unlike harsh physics it works gradually and in a very brief time the stomach and bowel muscles are trained to do their work naturally again, when all medicines can be dispensed with.

You can obtain a bottle at any drug store for fifty cents or one dollar. The latter size is usually bought by families who already know its value. Results are always guaranteed or money will be refunded.

If no member of your family has ever used Syrup Pepsin and you would like to make a personal trial of it before buying it in the regular way of a druggist, send your address—a postal will do—to W. B. Caldwell, 417 Washington Street, Monticello, Ill., and a free sample bottle will be mailed you.

Epting Found "Not Guilty."

Memphis, Tenn., Jan. 23.—Beach B. Epting, charged with complicity in the killing of Al G. Boyce, Jr., who was shot to death by John B. Sneed, was found "not guilty" by a jury here to-day. Sneed killed Boyce in Amarillo September 14, 1912. Epting was charged with having assisted Sneed in his alleged plans for the shooting. In the trial Epting testified that he went to Amarillo with Sneed as his servant and that Sneed "had misled him."

Sneed will be tried soon for the killing of Boyce. He has already been acquitted of a charge of murdering A. G. Boyce, Sr., whom he shot at Fort Worth January 13th, 1912.

Both shootings were the outgrowth of the elopement of Mrs. J. B. Sneed with Al Boyce, Jr.

Chicago Leads in Parcel Post.

Washington, Jan. 24.—The total number of parcel post stamps printed and distributed up to this date is 330,500,000. Prior to January 1, when the new service was established, 153,292,455 stamps were issued. In the first three weeks of the system's operation 186,207,545 stamps have been supplied to offices. The bureau of engraving and printing, in order to meet the demand, is being forced to print the stamps at the rate of 12,000,000 a day.

The total value of the parcel post stamps distributed up to this date is \$18,011,120. Chicago received 46,000,000 stamps valued at \$2,673,000, leading all other cities in the country. St. Louis was second with 15,200,000 stamps, valued at \$930,000; New York city third with 15,000,000 stamps valued at \$770,000.

Heart Symptoms

The ailments of women include symptoms of heart trouble known as palpitation of the heart. The palpitation is so violent at times as to be really painful and leads the patient to fear she has heart disease. Ninety per cent of such cases are not heart disease at all but only a symptom of a liver disorder which has affected the normal action of the heart, and on applying the proper remedies the unusual throbbing ceases. The stomach and digestion need strengthening and the depressing effect of these disorders on the female organism must be corrected. For the latter purpose there is no more effective remedy to be found anywhere than

DR. SIMMONS Squaw Vine Wine

It conveys a strengthening influence to the delicate female organism, re-establishes regular and healthy periods, overcomes the painful symptoms, builds up the nerves and puts the generative system in fine healthy condition. For the liver and bowel disorders one or two doses of Simmons Liver Medicine is all that is needed. It clears the stomach and bowels of impurities, helps digestion and the proper nourishment of the body the result of which is sound, healthy conditions all through the system.

Dr. Simmons Squaw Vine Wine Is Sold by all Dealers—Price \$1.00

SOLD AT BELL'S DRUG STORE, WALHALLA, S. C.

Father and Child Perish in Flames.

Canfield, Ohio, Jan. 23.—Flames that destroyed a farm house near here to-day caused the death of Curtis Shafer and his daughter Effie; and fatally burned Mrs. Shafer and another daughter. A son ten years old escaped. He was unable to explain the cause of the fire.

\$15,000,000 For Cotton.

London, Jan. 23.—Introduction into Parliament of a bill guaranteeing a \$15,000,000 loan for the development of cotton growing in the Sudan was promised by Premier Asquith this morning in an address to the British Cotton Growing Association.

Three Nabbed as Swindlers.

Macon, Ga., Jan. 23.—The sheriff of Elbert county came to Macon to-day for three young men held prisoners here on warrants issued at Elberton charging cheating and swindling. The men were E. C. Madox, W. S. Guest and Geo. Bishop.

They were found last night at the Hotel Lanier, but at their request that they not be locked up, Chief Chapman placed a policeman on guard at the room in the hotel, and they spent the night there. It is alleged that the men sold stock in certain companies to a number of people of Elbert county, and that these people found the stock to be worthless after the men had gone.

Stops Backache

Sloan's Liniment is a splendid remedy for backache, stiff joints, rheumatism, neuralgia and sciatica. You don't need to rub it in—just laid on lightly it gives comfort and ease at once.

Best for Pain and Stiffness

MR. GEO. BUCHANAN, of Welch, Okla., writes:—"I have used your Liniment for the past ten years for pain in back and shoulders and find it the best Liniment I ever tried. I recommend it to anyone for pains of any kind."

SLOAN'S LINIMENT

is good for sprains, strains, bruises, cramp or soreness of the muscles, and all affections of the throat and chest.

Got Entire Relief

MR. J. UNDERWOOD, of 2000 Warren Ave., Chicago, Ill., writes:—"I am a piano polisher by occupation, and since last September have suffered with severe pain in both shoulders. I could not rest night or day. One of my friends told me about your Liniment. Three applications completely cured me and I will never be without it."

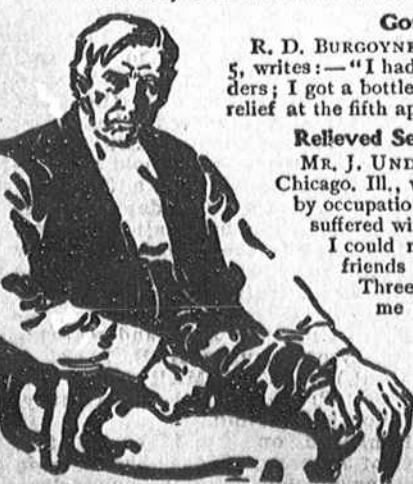

Relieved Severe Pain in Shoulders

MR. J. UNDERWOOD, of 2000 Warren Ave., Chicago, Ill., writes:—"I am a piano polisher by occupation, and since last September have suffered with severe pain in both shoulders.
